### **Matching Gift Programs**

Have you ever wished you could give more to help animals? Many employers sponsor matching gift programs that match employee charitable contributions. Check with your employer about how your gift can go even further.

### **Bequests and Estates**

Planned giving leaves legacy gifts that ensure Project Wildlife can continue aiding the County's wildlife for many, many years to come. The simplest method of planned giving is to name Project Wildlife in your will or living trust. Gifts are usually cash, securities, life insurance and real estate. Living trusts may simplify estate planning and reduce tax burdens.

Two additional methods used in estate planning are the Charitable Gift Annuity and the Charitable Remainder Trust. Both usually involve appreciated real estate, provide you an income for life and may have significant tax savings. The remaining assets pass to Project Wildlife after the donor's death.

The success and growth of Project Wildlife depends on your goodwill. Help ensure the future of San Diego County's wildlife by creating a lasting legacy. For more information, please contact Lisa Culver at (858)866-0555, x202.
